LANGUAGE INTENSIVE THERAPEUTIC CAMP

WHAT IS IT?

□ HIGH-FREQUENCY LANGUAGE AND SPEECH SUPPORT

Our week-long play-based camps are the perfect environment to provide a high dosage of communication support. Why play-based? Kids learn best through play! We optimize the learning context for children to acquire new speech, language, and social skills.

Spring is full of lots of fun. Campers will love to explore our spring toys and games. Let's learn about things that grow, baby animals, and the way the weather changes.

□ A VARIETY OF ENGAGING LEARNING ACTIVITIES

The intensive will build skills in turn-taking, clear communication, flexible thinking, executive functioning, and more. There will also be a snack, outdoor play, and lunch time.

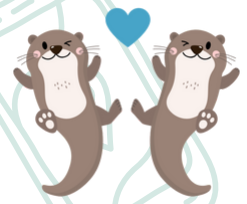

□ A FOCUS ON SKILLS ACROSS SETTINGS

Each child will have SLP-led group therapy as well as one-on-one SLP intervention time to target individualized goals to help expand their language and communication.

HOW TO PREPARE

Prepare to get messy. Our activities will include sensory play, water play, and art. Dress your child appropriately and pack an **extra pair of clothes** (just in case!)

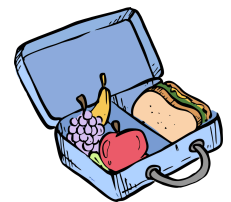

Let your child know that they will be going to a **fun class** where they will get to play with other kids and a new teacher. Share the theme to get them extra excited about the activities.

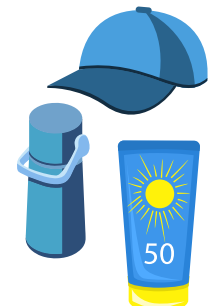

Let your child know that you will be **dropping them off** and picking them up! If drop-offs are tough, please take a look at our drop-off handout for ideas on how to prepare

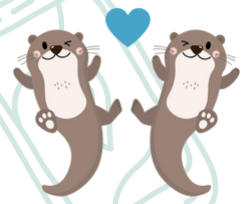

Please pack a **morning snack, lunch, and water** for your child each day. We will let you know as we get closer if there are any allergies to consider. Please *label* your child's food.

We are planning to spend our day **outside**, so please *sunscreen* your child in the morning prior to arrival. If you want us to reapply, please bring your own labeled sunscreen. Also, bring a *hat*!
