SPEECH LANGUAGE INTENSIVE

THERAPEUTIC CAMP

WHAT IS IT?

□ A WEEK LONG CAMP TARGETING COMMUNICATION

Our campers work on navigating peer relationships and expanding their communication skills while participating in activities for the theme of the week.

Summer 2025: *World Explorers*

Campers will discover a new corner of our world each day as they explore our outdoor classroom with peers. They'll learn about oceans, outer space, the jungle, and more. Our intrepid explorers will "travel" the world while building communication skills.

□ A VARIETY OF ENGAGING LEARNING ACTIVITIES

The intensive will build skills in peer interactions, expanding vocabulary, communicating in different environments, and more. There will also be a snack, outdoor play, and lunch time.

□ A FOCUS ON SKILLS ACROSS SETTINGS

Each child will have SLP-led group therapy as well as one-on-one SLP intervention time to target individualized goals to help expand their language and communication.

We are planning to spend our day **outside**, so please pack a water bottle for your child. Please sunscreen your child in the morning prior to arrival. If you want us to reapply, please bring your own labeled sunscreen. Also, bring a hat!
